

We are looking for motivated and passionated team member that will help us spreading **French & Breton** art de vivre through Japan !

What is **BREIZH**Café ? We are a team that is willing to do anything to represent and put forward the gastronomic know-how of Brittany (west of France), which is composed by three main elements : Galettes, Crêpes & Cider.

Why in **Japan** ? Our mother house is based in Kagurazaka, Tokyo, since 1997 ! It has been 23 years that japanese guests have been feeling in love with Brittany's delights. Indeed we share the love of buckwheat/Soba, main element of the Galettes.
